INDUPARTS
SUPPLY
YOUR INDUSTRIAL SUPPLIER

info@indupartscorp.com
Miami, United States
(+1) 305-209-9518

OUR COMPANY

We are a supplier that has extensive experience in the purchase and distribution of industrial equipment, spare parts, and machinery. We specialize in meeting the needs of our clients in the Mining, Steel, Cement, Paper, and Hydrocarbons industries; offering an agile, competitive and quality service.

InduParts Supply has an excellent teamwork with extensive knowledge in international trade and engineering. This allows us to offer our customers a service with the highest quality standards that meet every industrial need.

Our commitment is to maintain and continuously improve business relationships with our customers, optimizing their time and money.

ADDED VALUES

- We have access to many brands in Europe, Asia, and North America. This is thanks to our highly qualified and multi-language team; Also, to the excellent business relationships that we have built for years with our suppliers to meet the needs of our customers.
- We serve all your industrial requirements of different brands in one place. Our team members will attend you with passion and will take the time to listen to you. We are convinced that the more we get to know our customers, the better we can anticipate their needs.
- Consolidation service for your merchandise. With this, we achieve a significant reduction in transport costs of your supply chain.
- We can help you with quoting, purchasing and shipping any industrial requirement. We also provide a free merchandise inspection service before shipping, with the goal of reducing reprocessing and return costs.
- We have the logistic capacity to deliver your merchandise anywhere in the world. At the lowest cost and giving you the reliability of handling your merchandise, thanks to the partnerships we have developed with different carriers worldwide.
- Our facilities strategically located in the city of Miami. They allow us to be an essential business ally for our clients located in Central and South America, guaranteeing a fast and timely delivery of their orders.

PRODUCTS

MECHANIC

We focus mainly on:

- * Couplings
- * Sprockets and gears
- * Pulleys and rollers
- * Bearings
- * Industrial brakes
- * Power transmission chains
- * Conveyor belts
- * Crushing Components
- * Cable Reels
- * Speed reducers
- * Gaskets and seals
- * Among others.
